

**GETS SCHOLARSHIP . . .** William J. Kristufek (right), son of Mr. and Mrs. Frank C. Kristufek of 2104 Martina Ave., accepts a \$500 scholarship from James E. Davis, vice president of the Torrance Police Officer's Association. Kristufek will enter the University of San Diego in the fall. He is a graduate of Bishop Montgomery High School.

## Police Group Awards Scholarship to Youth

Award of a \$500 scholarship to William J. Kristufek, 17, of 2104 Martina St., was announced this week by the Torrance Police Officer's Association.

The award was presented by James E. Davis, vice president and chairman of the scholarship committee for TPOA. Kristufek is the son of Mr. and Mrs. Frank C. Kristufek.

The \$500 grant is offered annually to a male graduate of one of the five high schools in the city. The award is based on scholarship, interest in police work, and need, according to Davis. It is given only to social science students who enter a four-year college or university.

Kristufek, who was graduated from Bishop Montgomery High School last month, plans to enter the University of San Diego. He will major in history. A life member of the California Scholarship Federation, he played football at Montgomery.

## WHAT'S DOING?

Here's a story from my "tots and telephones" collection. A young mother found her three-year-old turning the telephone dial. She shoed her daughter away, picked up the phone and started to dial, when the little girl said, "You don't have to do that, Momma, I already stirred it up." (When you're "stirring" your phone, please remember that careful dialing stops wrong numbers before they start).

Are you registered to vote in the General Election on Nov. 8? Your last day to register is Sept. 15.

When you're vacationing in unfamiliar territory, it's good to know you can count on the local telephone directory for help. If you need a mechanic, or a new fishing rod, or a good restaurant, you'll find it fast in the Yellow Pages. And if you're not sure of dialing procedures in a strange town, you can turn to the front pages of the phone book for helpful information.

What can reach across a continent, yet has no hands? What takes you places in an instant, yet never moves itself? What speaks in a thousand tongues, yet has none of its own? Answer: "telephone" and "radio".
