

Filly, Mare Handicaps Featured

Highlighted by renewals of the \$50,000 added Vanity Handicap on Saturday, and the \$50,000 added American Handicap on Monday, July 4, Hollywood Park will present pyrotechnics of the equine variety over the Independence Day holiday weekend.

Post time for the first race both Saturday and Monday at the Inglewood track will be 1:15 p.m., with gates opening at 10:30 a.m.

The filly and mare championship of the 1966 season will be at stake Saturday in the 25th running of the Vanity Handicap, which will match the best distaffers in the West over a mile and one-eighth.

Argentine-bred Jalousie II, who clinched feminine honors a year ago with an impressive triumph in the Vanity 'Cap, will return to defend her laurels in what will probably be the last race of her career. The chestnut daughter of Tatan is in foal to Nashville and is slated for retirement to the broodmare paddock.

Among Jalousie II's anticipated rivals are Poona Queen, victress in the \$28,500 Wilshire Handicap; El Peco Ranch's classy Pollen Neil S. McCarthy's Rullahline, Petticoat, Gala Host and Khal Ireland.

Just as Jalousie II will attempt to make it two straight victories in the Vanity Handicap, so will Native Diver endeavor to garner a second consecutive triumph in Monday's mile and one-eighth American Handicap. The event is the last battleground for the older thoroughbred stars before the \$162,100 Hollywood Gold Cup on July 16.

After three disappointing performances this season, Native Diver, California's all-time stakes-winning king and "Horse of the Meeting" at Hollywood Park in 1965, recently showed he had regained his former brilliance by capturing the Inglewood Handicap for a third time.

Expected to face the durable Imbros gelding in the American Handicap are Travel Orb, upset hero of the \$120,100 Californian; Herff and LaCroix' Tronardo, Mrs. Howard B. Keck's Pelegrin, Sidney Factor's Sledge, Mr. and Mrs. E. B. Johnston's Real Good Deal and Mrs. Melburn's Perris.

Braille Group To Take Part In Auto Rally

Fifty-five blind teenagers from Braille Institute and 55 drivers from the California Sports Car Club will team up in a complicated three-hour cross-country navigational rally from Los Angeles to Apple Valley on Saturday, July 9.

Blind teenagers will act as "navigators," reading secret brailled instructions to some of the Southland's finest rallyists in the unusual event, co-sponsored by the Braille Institute and the California Sports Car Club. It is the fifth rally for the sponsoring groups.

Point of departure will be the Institute's parking lot, 741 North Vermont Ave., Los Angeles, at 10:01 a.m. The last car is expected to arrive at Roy Rogers' Apple Valley Inn at 2:30 p.m.

During the three-hour period, the drivers are virtually as blind as their teenage partners since the drivers know their course only from the verbal instructions.

Among participating drivers from the California Sports Car Club will be Alan Johnson driving a Porsche, Lew Spencer driving a GT-40 and Bab Challman driving a Lotus Elan. Thirty club members will assist at rest stops, timing, manning check points, car labeling and other tasks.

The driving course, devised by Dave Bracken, club rallymaster, will involve freeway travel, open desert country, and many types of driving obstacles. The team attempts to arrive at check points at pre-arranged times, and the winners are those who come through with the least amount of "time error."

When the last car arrives, and while the tally counters are putting their heads together, the blind youngsters will enjoy swimming and entertainment.

ST. LAWRENCE MARTYR SCHOOL . . . Won the Catholic Youth Organization parochial school girls' softball championship by defeating St. Stephen, Monterey Park, 12-1, at Hollywood Playground. Members of the team are (left to right) front, Debbie Kiefer, Janet Dyste, Teresa Cunningham, Susan Hall, Kris

Crawford, Andrea Waters, captain, and Tina Douglas, coach; back, Charmaine Burke, Diane Homesly, Karen Myers, Cecilia Witte, Tomasine Goebel and Karen McFarren. More than 2,800 girls participated on 144 teams in 28 divisions leading to the championship.

Sky Divers Perform On July 4

Eight of Southern California's top Sky Divers will open the annual Neptune Days fireworks display of Redondo Beach July 4.

Representing the Rumbleseat Sky Diving Club of Hermosa Beach, the 8-man team will leap from an aircraft flying at 8,500 feet over Redondo Beach King Harbor and Fisherman's Wharf. After a free, delayed fall of over 45 seconds—a distance of 6,500 feet, the group will deploy their parachutes. Bright flares will mark their trail as they fall at approximately 8:45 p.m.

During the fall, the jumpers will assemble together in a "beehive" formation, then they will track off (move horizontally across ground while flying).

Frank Carpenter, owner of the Rumbleseat Tavern of Hermosa Beach, is in charge of the team. He has more than 500 jumps and holds a Class D licence (the top) and is area safety officer for the Parachute Club of America.

Others on the team, all with a total of 200-1,000 jumps, are Don Molitor, Hugh McDonald, Harold Davis, Rod Pack, Bill Higbee, Don Oliva, and Lyle Cameron.

Holidays Awaited At Ascot

Fireworks, the kind that light up the sky and the kind caused by the nation's best motorcycle racers, are on tap in a big doubleheader of action at Ascot Park Friday and Saturday evenings.

J. C. Agajanian has programmed fireworks displays for both evenings to launch the big Fourth of July holiday racing weekend at the Southside strip.

The flat-track cycles will roll Friday evening, with the steeplechase bikes taking over on Saturday. Both shows will start at 8:15, with the huge fireworks exhibitions following the race meets.

"Aggie" expects nearly 350 riders to compete. For the first time this season, the main events on both the flat-track and tourist trophy shows will be 20 laps. This figures to test the endurance of the racers as well as their speed.

Brett Assigned To Class A Club

Kemer Brett, All-CIF baseball player of the year from El Segundo, has been assigned to the Boston Red Sox' On-Tonement Chairman, New York-Pennsylvania League.

He recently signed with the Red Sox for a reported \$100,000 bonus.

El Camino Ready To Hire Coach

Robert A. Myers will be recommended to fill the post of head track and cross country coach of El Camino College when the college Board of Trustees meets Monday.

One of 29 applicants for the position, Myers has been a member of the physical education department of two Covina high schools for the past six years.

While his appointment has the approval of John W. Morrow, dean of the division of physical education and athletics, and other members of the college administrative staff, employment of the new coach cannot be considered official until approved by the college board.

Myers received his associate in arts degree from Pasadena City College in 1957. He completed work toward the bachelor of arts degree at San Jose State College in 1960 and is currently working toward his master of arts degree and the administrative credential at California State College at Los Angeles.

Commenting upon Myers' work at Northview and South Hills high schools in Covina, Merl F. Sloan, vice president in charge of student personnel at El Camino College, observed, "He has an impressive record at both new schools which begin with only freshmen and sophomore students."

Myers' team at South Hills won a league championship in his first season.

While teaching in the Covina area, Myers has also served as a member of the evening school staff of Mt. San Antonio College and as a master teacher at Cal Poly at San Dimas. He has served in the latter teacher training capacity for the past five years.

A physical education major and a journalism minor in his college days, Myers participated for four years in college track, three years in soccer, one year in basketball and a year in cross country. His own track specialties were the 880 and 440.

His varsity cross country squad won the league championship in 1965 and continued to take fourth place in CIF finals. In the two years that he taught at South Hills, his cross country squad established a record of 20 wins and two losses.

South Hills, junior varsity cross country team won 11 straight meets without defeat in 1965.

The cross country and track coaching vacancy at El Camino occurred with the resignation of Roy Southstone from the active coaching field this spring.

Southstone, an alumnus of El Camino and a long-time member of its faculty, will return to a full program of classroom teaching on the local campus next fall.

FUN and FACTS

About Bowling.....by Dick Ericson

SHOULDER ANGLE: The angle at which a straight line runs from the shoulder to the floor by way of the midsection is not constant. The more you bowl, the less you protrude.

SHOULDER ANGLE: The bowler's shoulders always are at a right angle to the line he intends his ball to follow. For example, if a bowler is trying to get a strike from an angle other than a straight line perpendicular to the foul line, he should assume that angle with his shoulders. Also, on spares such as the 7 pin or 10 pin conversion, he should approach the foul line at an angle.
