

# 2,700 in 'Learn to Swim' Programs at City Plunge

Over 2,700 7-to-12-year-olds won't have to apologize for being wet behind the ears when the summer program ends at the city plunge. Because, if current registration continues, that's the number of boys and girls who will graduate from the "Learn to Swim Campaign."

This summer swimming lessons are conducted in the mornings, Monday through Friday at the plunge.

Seven other organized swim programs compete for use of the pool in addition to the hours it is open to the public for just cooling off. Organized programs include youth classes, for 13-to-18-year-olds of all swimming abilities; adult classes at all levels; synchronized swim classes; competitive swim team; junior life saving; senior life saving; and a junior frogman program.

With the exception of the synchronized swim classes, new sessions are being formed throughout the summer. Those interested may obtain additional information on any of the programs offered, or hours that the pool is open to the public, by visiting the plunge at 3331 Torrance Blvd., or by calling between the hours of 9 a.m. and 9:30 p.m. weekdays or 9 a.m. to 5 p.m. Saturdays, or 1 p.m. to 5 p.m. Sundays.

## Dorothy Digs

If you live in an adobe or other hard soil area you know how difficult it is to keep your lawn and garden watered and healthy. If the water can only penetrate an inch or two, the roots of the grasses and small plants also have troubles.

Some fertilizers have a soil penetrant in them. I particularly like one that has soil penetrant plus chelated iron, manganese and zinc as well. There is also available a product that is a soil penetrant solution made only for breaking up compacted soils. Ask your nurseryman for a bottle and start using it. You will soon have your neighbors asking you why your lawn is so much better than theirs. Deep long roots on your grass will make a big difference.

## Top Cast Assembled For 'Virginia Woolf'

By BETTY SCHROEDER  
Chapel Theatre is privileged to present the most talked about play of our time, "Who's Afraid of Virginia Woolf?" by Edward Albee, July 22 through Aug. 20.

Under the direction of Lou Bruhke of Hermosa Beach, remembered for his role as Becket and his acting-directing in "Rose Tattoo" this season, the cast includes Margaret Middleton of Redondo Beach, winner of Chapel's best dramatic actress award for "Madwoman of Chaillot" as Martha; Roger Elliott of Hermosa Beach who directed "A Funny Thing Happened on the Way to the Forum" this season at Chapel as George; and newcomers Ed Carey of Studio City and Julie Bradley of Los Angeles, as Nick and Honey.

The roles created by Albee are the types every actor hopes to characterize sometime during his career. Taunting, sarcastic, cynical are the characteristics of Martha and George as they thrive on goading each other, innocently drawing the young couple Nick and Honey into their cat and mouse games. Albee's unique construction of the dialogue has a definite purpose in cleverly exposing the innermost secrets of the four people. The author is known for his hilarious comedies and, true to form, has incorporated this talent in a style which makes for exciting stage entertainment.
