Contract Awarded for Dominguez Area Drain

Award of a \$89,623 contract to P. J. Prkacin of La Cresenta for construction of a Dominguez area storm drain project has been announced by Supervisor Kenneth Hahn. The project is designed to bring additional relief from heavy rains to homes and industry in this area.

The firm filed a low bid for the facility—identified as the Main Street Lateral—on July 8.

Hahn said the drain will be routed from the Main Street-Artesia Boulevard intersection south in Main Street for

a few hundred feet where it turns west and continues in rights of way to Broadway Street and joins a project currently under construction. The drain has an over-all length of about 1,908 feet. Construction is slated to

get under way within the next two or three weeks and about five months will be required to complete the structure.
