Road Plans Prepared By County

Plans are progressing for the improvement of Joel Street and various other streets in the vicinity of 220th Street and Edgar Avenue in the Carson area, Supervisor Kenneth Hahn announced today.

The improvements will consist of constructing curb, gutter, and pavement together with a complex drainage system to serve the tract development.

Hahn said the County Road Department is moving as quickly as possible to acquire right-of-way for the improvements. Most of the streets in the district now are privately owned.

RIGHT-OF-WAY agents have contacted more than 75 per cent of the owners of the more than 300 parcels of land in the district and have secured more than 50 per cent of the parcels needed for the project, he added.

"It is hoped construction bids can be received in the latter part of September this year. Construction should start a few weeks later," Hahn said.

Residents of the streets to be improved, who petitioned for the project, will pay for the major portion of the construction. The county is assuming part of the cost.

'Love' Will Be Subject Of Services

"Love" is the subject of the lesson-sermon to be read in all Christian Science churches this Sunday. The Golden Text is from the first Epistle of John: "God is love; and he that dwelleth in love dwelleth in God, and God in him."

Related passages to be read from the denominational textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following lines:

"Whatever holds human thought in line with unselfed love, receives directly the divine power . . . Hold perpetually this thought, — that it is the spiritual idea, the Holy Ghost and Christ, which enables you to demonstrate, with scientific certainty, the rule of healing, based upon its divine principle, 'Love,' underlying, overlying, and encompassing all true being."
