

SAM SCHAUERMAN JR.
El Camino College Dean

El Camino Appoints New Dean

Sam Schaurman Jr., administrative intern for the past year at El Camino College, has been named dean of the college's Division of Physical Sciences.

Schaurman, 37, succeeds William T. Mooney Jr., who resigned to return to full-time teaching at the college. Presently working toward his doctorate at UCLA, Schaurman received his master's degree in mathematics at Colorado State College where he also obtained his bachelor's degree. He also has done graduate work at the University of Texas.

PRIOR TO coming to El Camino in the fall of 1965, Schaurman served as dean of students and registrar at Otero Junior College in La Junta, Colo., a position he had held since 1961. He joined the Otero faculty in 1957 as mathematics and physics instructor.

The new dean will serve on a half-time basis until September in order to complete work as consultant to a state study group working with the problem of conservation of California's sand and gravel resources in conjunction with the Assembly Committee on Public Utilities and Corporations.

Schaurman and his wife, Deloris, live at 24401 Neece Ave. They have three children, Gregg, 7, Cheryl, 5 and Lori, 3. They are members of the Walteria Methodist Church.

A MEMBER of Kiwanis, he is a past president of the La Junta, Colo., club. He also holds membership in the National Education Association and the California Teachers Association. During his residence in Colorado, Schaurman served on the board of directors of the Colorado Council of Teachers of Mathematics and was a member of the Professional Standards Commission of the Colorado Education Association.

From 1952 to 1954 Schaurman served as a research mathematics assistant with the U.S. Army at Aberdeen Proving Grounds in Maryland. In 1954 he moved to California and for three years was a mathematics teacher at William S. Hart High School in Newhall.
