

## May Co. to Sponsor New Film Series for Schools

The Screen News Digest and its local sponsor, May Co. California, have announced a significant forward step in making history come alive for students in Los Angeles County schools.

"During the 1967-68 academic year," said Geoffrey Swaabe, president of the May Co. California, "the Screen News Digest will produce and release its first, full-length story in color.

"This new and dynamic dimension will enable students to see, in more meaningful terms than ever before, the people, places, and events that are shaping our world and our future."

"THE SCREEN News Digest, the only current events film program of its kind in the audio-visual field, is currently seen by more than five million students in 15,000 junior and senior high schools throughout the United States.

Honored by the Freedoms Foundation as "an outstanding contribution to a better understanding of the American way of life," the Screen News Digest is made available without charge to Los Angeles County schools as a public service by May Co. California.

Now in its tenth year, the program has been hailed by educators across America as a unique and valuable contribution to the curriculum of their schools.

Lillian Buffalo, a senior at Gallaudet College in Washington, D.C., is serving as a group leader for the college's freshman orientation program. She is the daughter of Mr. and Mrs. Anthony Buffalo of 2203 1/2 Torrance Blvd. and a graduate of Bishop Montgomery High School.

Richards, 18, was honored for his heroic efforts last March when he rescued a baby from a burning car in the Wilmington area.
