

## Tartar Teen Talk

By Pam Anderson

It's back to school time — even for grown-ups. Tonight at THS, parents of Torrance High students are participating in the annual "Back-to-School Night" sponsored by the PTA. Parents will have their children's schedules to follow and have a chance to meet the teachers.

Attention freshmen! Class elections have been moved to a new date. The election speeches will begin Monday and the elections will be held Tuesday, Oct. 10, with run-offs Wednesday, Oct. 11.

Have you bought your Unified Dues yet? If you have, it will only cost you 50 cents to ride the rooster's bus to the football game this Friday night at Paramount High School. Buses will be by grades so let's see which class can fill two buses! Sales end Thursday at lunch.

THEY'RE coming! Class rings that were ordered last spring will be here Friday before school and at both lunches. Have the balance owed and pick up your class ring in the activities office. Seniors get ready because

next week you'll be voting for 15 Homecoming finalists in your government classes. Consider service to the school, personality, integrity reputation, and appearance when you make your choice.

## Exercise Program Scheduled

Scherich's South Bay School, 1108 S. Prospect, Redondo Beach, has announced the opening of a class in physical development for children with learning problems.

The program will consist of various exercises which help the natural growth and development of the progressive muscular development of a child, according to Warren

Scherich, director.

The major goal of this program is to develop the coordination between eye and hand, as well as total coordination of the body. Some authorities insist that this type physical development program is essential for academic growth.

Scherich feels that as a child develops physically and becomes coordinated, he gains

more confidence and this results in a happier child which leads to a better attitude towards school life and academic progress.

This program will be conducted for two hours each day from 2 to 4 p.m.

Because it is necessary to work with small groups, Scherich said, enrollment will be limited.

## TRW Welcomes

### Employe Groups

More than 25,000 persons toured the TRW Systems Group complex in Redondo Beach last week as the firm held its annual open house for families of employes.

More than 200 exhibits covering all aspects of the firm's work were on display, as well as tours of the manufacturing areas.

Good! Really Good!
