

Feed one kid free

Yes, feed one kid free with the 12% savings you can make on your total food bill with Market Basket's permanently discounted prices! The average family with 3 or 4 children spends \$30-\$35 weekly for food.* Market Basket's 12% across-the-board savings (compared to other major chains) can free up \$4.00 automatically. More than enough to feed a 9-year-old** FREE every week. Smart mamas shop Market Basket! (Aren't you glad — now — that you had little Larry after all?)
