OUR USED CARS DON'T KNOW THEY'RE USED

Many cars we take in trade just aren't good enough to go out on the lot—we sell them to other dealers. The ones that do make the lot make it only after a rigorous inspection by our factory-trained mechanics. They even fix things that MIGHT go wrong. That's why we call them the "used cars with a new car heart." Because our used cars don't know they're used, you won't know it either when you drive them.
