Army Offering Four-Year Nurses Training Course

Army Pvt. Larry A. Lee, 18, son of Mr. and Mrs. Frederick W. Lee of 5003 Arvada St., completed a field communications crewman course at Ft. Ord, Calif., Dec. 30. During the eight-week course, he was trained to string wire from the field to the communication center. Instruction was also given in basic electricity, switchboard installation and operation, and pole climbing.

Applications for participation in the Walter Reed Army Institute of Nursing Program for 1967 must be filed by March 31, according to Sgt. Howard Hill, Army recruiter for Torrance. Sergeant Hill said the Army Surgeon General had set the March deadline and emphasized that enrollment in the program will be limited to the 135 applicants considered best qualified. The applications should be sent to the Surgeon General, Department of the Army, Washington, D.C.

THE PLAN offers young women and men the opportunity to earn a bachelor of science degree in nursing, plus a salary while they enter the university of Mary-

land School of Nursing, Sergeant Hill said. Students will be provided clinical learning experiences at Walter Reed Army Medical Center. All instruction, however, will be under the direct supervision of the faculty of the University of Maryland School of Nursing.

Following graduation from the University of Maryland School of Nursing and after having satisfactorily completed the examination for licensing of registered nurses, the student is commissioned a second lieutenant in the Army Nurse Corps with an obligation to serve on active duty for a period of three years.

THE PROGRAM, called WRAIN in Army releases, is

open to all high school seniors and to graduates between the ages of 18 and 24 with high scholastic standing who have completed college preparatory courses. Candidates also must be recommended by their school principals.

An additional requirement, Sergeant Hill said, is satisfactory completion of the College Entrance Examination Board of the American Col-

lege test which will be taken by the applicant. Complete details of the program may be obtained from Sergeant Hill at the Army recruiting station at 1329 1/2 Sartori Ave. in downtown Torrance.
