TORRANCE

SECOND CAR

The Volkswagen Station Wagon makes an ideal second car. Because it costs less to run than any conventional wagon. For example, it gets you about 23 miles on a gallon of regular gas. Its tires should last for about 35,000 miles. It takes 5 pints of oil. Not quarts. 4 spark plugs. Not 6 or 8. There's no anti-freeze to buy. Because there's no radiator. The engine is air-cooled. You probably think that with such low operating costs, its buying cost is high. But it isn't. You can buy a Volkswagen Station Wagon and a Volkswagen Sedan for the same price you'd pay for some conventional wagons and their optional extras. It's our two-for-the-price-of-one deal.
