

## Poll Supports Federal Help for Handicapped

Residents of the 28th Congressional District favor a "more comprehensive" program of federal aid for handicapped persons, results of a poll conducted by Congressman Alphonso Bell (R-Los Angeles) indicate.

Bell said 64 per cent of those replying to the question, part of a poll conducted in his newsletter report to voters, favor an aid-to-the-handicapped program. A total of 30 per cent do not favor the program, and 6 per cent are undecided, Bell said.

Results of five other questions on the poll, based on the first 10,000 replies, are:

- Would you support a federal income tax increase to curb the current inflationary trend? Yes—41 per cent, No—54 per cent, Undecided, 5 per cent.
- Do you feel activities of the Red Guard indicate greater militancy by Communist China? Yes—39 per cent, No—43 per cent, Undecided—18 per cent.
- Do you support pending legislation to apply antitrust laws to labor unions? Yes—48 per cent, No—43 per cent, Undecided—9 per cent.
- Do you believe Russia can be instrumental in arranging negotiations with North Vietnam? Yes—47 per cent, No—46 per cent, Undecided—7 per cent.
- Do you feel temporary suspension of the industry expansion tax incentives will help combat inflation? Yes—61 per cent, No—33 per cent, Undecided—6 per cent.

## Scholastic Art Awards Planned

Claire Falkenstein, one of the nation's best known modern sculptors, will be the featured speaker Saturday at the 21st annual Scholastic Art Awards program.

Highlight of the program will be presentation of 308 Gold Keys. The art awards program is sponsored by Bullock's Downtown.

## Tormenting Rectal Itch Stopped In Minutes

Science Finds New Healing Substance That Promptly Stops Itching and Pain of Piles

New York, N. Y. (Special)—One of the most common afflictions is a condition known as "itching piles." It is most embarrassing for the victim during the day and especially aggravating at night.

No matter what you've used without results—here's good news. For the first time, science has found a new healing substance with the astonishing ability to promptly stop the burning itch and pain. It actually shrinks hemorrhoids without surgery. Medical science has proved this substance produces a remarkably effective rate of healing. Its germ-killing properties also help prevent infection.

In one hemorrhoid case after another "very striking improvement" was reported and verified by a doctor's observations. This improvement was maintained in cases where a doctor's observations were continued over a period of months! Among these sufferers were a wide variety of hemorrhoid conditions, some of 10 to 30 years' duration.

The secret is this new healing substance (Bio-Dyne®)—discovery of a world-famous research institution. This substance is now obtainable in ointment or suppository form known as Preparation H®. Ask for Preparation H Suppositories (convenient to carry if away from home) or Preparation H Ointment with special applicator. Available at all drug counters.

## Wins Scholarship

Susan Lynn Peterson, a senior at South High, has been awarded a scholarship by Torrance Lodge 1948 of the Elks. Miss Peterson also is the recipient of the Daughters of the American Revolution Good Citizen award.

AT SEMINAR... Marine Corps Col. William L. Fluke will be a featured lecturer at the National Security Seminar to be held in the Auditorium Concert Hall in Long Beach March 6-17. One of a team of six senior officers representing the Industrial College of the Armed Forces, Colonel Fluke will speak four times during the seminar on "Foreign Policy," "Population and Manpower Management," "Communist China," and "Eastern Europe."
