## Bob Beverly Wants Beach Areas Saved

Mayor Bob Beverly of Manhattan Beach said today that the 46th Assembly District needs "strong representation to resist efforts to commercially exploit our beaches and tidelands and to protect these waters from pollution."

"Air and water pollution are already recognized as major problems. I firmly believe efforts to resolve air and water pollution must be accelerated. As a state legislator I will bring the full force of my office to work with city, county and federal officials to expedite a solution," he said.

"We must resist proposed highways such as the Pacific Coast Freeway which would slash through our area, wiping out substantial residential and commercial lands," he said.

Mayor Beverly is seeking election to the State Assembly in a special election to be held April 11.

Beverly also told the voters group that he would support and promote legislative review of the problems of airport noise and the uses of lands adjacent to airports. Beverly is currently serving his third term as Manhattan's mayor.

## County to Lease Land Pending Lomita Study

Modified commercial lease arrangements for two parcels of land at the proposed Lomita Civic Center site have been approved, Supervisor Burton W. Chace said today.

The Board of Supervisors yesterday authorized the public auction of two one-year leases for approximately 1 1/2 acres of county land at 242nd Street and Narbonne Avenue.

Both agreements are for one year, with two-year options. The county can cancel the leases during the option period on 30-day notice.

It had been proposed that the leases be written for three years each, but they were amended.

"Three-year leases would have delayed plans we have for this land and for the proposed civic center," Chace said. A study is under way to determine the best way to use this land.

The county purchased the property several years ago as a site for the Lomita branch of the County Engineer's office, as well as other county departments.

"The city of Lomita, which might want to locate municipal offices adjacent to County offices, has asked us to consider other sites for the City-County center," Chace said. "If it were determined that another site were better, we would need the unencumbered property land to trade."

## Clubhouse Entered, Trio Held

Three youths were arrested early Sunday morning on suspicion of burglary after Torrance police spotted one of the trio near the WALTERIA Business Men's Club.

Louis Ray Delatore, 20, of 1801 W. 254th St., Lomita; James Austin Grant, 19, of 15110 Marigold, Harbor City; and Charles Russell Talbert, 18, of 1938 W. 254th St., Lomita, were arrested about 1:15 a.m.

Officers said they spotted one of the youths standing near a car which was parked in front of the club at 25500 Madison St. The trunk of the car was open, officers said.

## Legislators To Support Mrs. Chapel

Assemblymen Robert Badham and E. Richard Barnes gave strong personal endorsement of Mrs. Dorothy M. Chapel's candidacy for the state assembly at a Torrance rally in her behalf last week.

Badham stressed that Governor Ronald Reagan desperately needs more legislative support and that Mrs. Chapel will provide another key vote in support of the Governor's program. The Assemblymen pointed out that Mrs. Chapel had supported Governor Reagan in both the primary and general election last year.

Barnes complimented Mrs. Chapel on her constructive legislative program and emphasized her familiarity with the legislative process as the result of her 15 years of intimate association with her late husband's legislative activities.

## Charges in Drug Case Dismissed
