

## Annual Fiesta Slated At Bishop Montgomery

The annual Bishop Montgomery High School Fiesta will take place Friday through Sunday, April 26 through 28, on the school athletic field.

The fiesta is a benefit project for the school expansion and contingency fund.

Mike Roy, the culinary expert from KNX Radio, will be on hand Saturday from 7 to 9 p.m. to provide handy hints and offer entertaining items.

The famous chef, at various times in his life, has been a sports writer, press agent, safety director, stand-up comic, political figure, and radio announcer.

Other entertainers will include John Ericson of the

Honey West Show, Iron Eyes Cody, Michael Henry, Rosy Grier and his combo, and Damien the Magician.

Reverend Lawrence L. O.F.M. and Sister Marie Gerard, C.S.J. co-principals invite the public to this benefit affair. Co-chairmen for this Fiesta are John Gately and Mrs. John Poresik.

Coordinating the entire fiesta is Father Aloysius O.F.M., vice-principal of the school.

## Supervisors Pay Tribute To Torrance Industrialist

County supervisors, on the motion of Burton W. Chace, adjourned their meeting yesterday in memory of a Torrance industrialist.

Supervisors honored the memory of James C. Rome, vice president of finance at the Hi-Shear Corp. of Torrance, Rome, a 26-year South Bay resident, died last week.

"The many accomplishments of Mr. Rome professionally, and otherwise, are deserving of much praise," Chace said. "His works will be missed."

Rome, who lived at 2627 Harbor Sight Drive, Rolling

Hills, was former chief accountant for the Firestone Tire and Rubber Co. of South Gate. He joined Hi-Shear as controller in 1962 and was elected to the Board of Directors in 1964.

On Chace's motion, a scroll commemorating the adjournment will be sent to his widow, Virginia.

## FOOD INCREASES

Total food consumption in the U.S. increased 37 per cent between 1950 and 1968, just slightly above the increase in our population.

## Garden Checklist

1. Hedges are best trimmed to a slightly pyramidal form so that the lower portions can receive plenty of sunlight to encourage bushy green growth.
2. April is still a big month for planting summer annuals from nursery flats. A wide selection is available.
3. Plant tomatoes for summer harvest. Be sure the variety you plant is adapted to your local climate.
4. Set out tuberous begonia seedlings from nursery flats or plant bands now. Give them plenty of leaf mold and filtered shade.
5. Select rhododendrons this month while they are in bloom at nurseries.
