Chace Endorses Gibson For Congressional Seat

Supervisor Burton W. Chace today endorsed Councilman John S. Gibson Jr. for Congress, saying Gibson "is one of the most effective legislators I have ever known."

Chace, whose office is non-partisan, said it was the first time he has ever endorsed a candidate in a partisan race, and was doing so now only because of the "serious times ahead for America."

"Our district needs an outstanding representative like John Gibson in Washington, one who has John's deep understanding and the proven ability to help resolve some of the critical problems of our cities."

"The times are too critical, the issues too serious, for me not to endorse the man I think can best serve our district. The fact that he belongs to a different political party than I do is immaterial to me."

"At one time America had to face the great problems of the farmer and our agricultural areas. Today, the American crisis lies in our cities. John Gibson is the candidate who can best help us move intelligently and effectively against our serious urban problems that need action now."

His demonstrated ability to work with people from all walks of life, and to find solutions for difficult problems, will make him one of California's best Congressmen."
