April Bowers

Funeral services for April Dawn Bowers, infant daughter of Mr. and Mrs. Francis Bowers of 2022 1/2 Cabrillo Ave., were conducted Tuesday at the Halverson-Leavell Mortuary Chapel. Burial was in Roosevelt Memorial Park.

She was born Sept. 26, 1967, and died at a local hospital May 18.

In addition to her parents, she is survived by two sisters, Helen and Frances; and her grandparents, Mr. and Mrs. Vincent Bowers of Iowa and Mr. and Mrs. Haber King.

More than 4,000 Torrance parents will join a statewide movement this week to pump new life into the public schools of California's major cities.

Letters to their legislators are being written by 100 parents from each of Torrance's 40 public schools as part of a drive to get a million letters to Sacramento this week urging passage of legislation to fight urban rot.

As one of the state's 26 biggest school districts, Torrance

would stand to receive part of the \$175 million earmarked for large city school districts if the Urban Education Bill, SB 702, is passed by the legislature.

THE BILL, authored by Senator Nicholas Petris (D-Oakland), calls for an additional \$100 per child to be allotted to all school districts with more than 20,000 students during the coming year. An additional \$100 a year would

be added annually through 1972. According to Dr. J. H. Hull, Torrance superintendent of schools, money is available to finance SB 702 this year without a tax increase. Purpose of the legislation, according to Dr. Hull, is to help cities prevent urban rot before it be-

comes a crisis, Dr. Hull stated. "As the schools in the large cities of the East and Midwest deteriorate, decay is

spreading through the once great cities of our nation. Urban rot and decadent schools have not as yet made their dramatic impact on most of California, with the possible exception of Oakland, but it's only a matter of time.

"TO SAVE California schools before it's too late," he added, "the 26 large school districts have joined forces to back SB 702. This joint effort and letter-writing campaign is called Project Fair Share."

"One of Governor Reagan's campaign statements was that the state should share equally on a 50-50 basis, with local property taxpayers in support of schools," Dr. Hull said. "Right now, state support of schools averages about 40 per cent. But note this: state support averages significantly less than 40 per cent in urban districts—as low as 26 per cent in some districts."

State Superintendent Dr. Max Rafferty has endorsed SB 702, Dr. Hull pointed out.

The Torrance Board of Education took action endorsing SB 702 at its last regular meeting when it authorized Dr. Hull to sponsor local participation in the letter-writing drive.

Army Pvt. 1C Robert Anderson Jr., 20, whose father lives at 1045 W. 254th St., Harbor City, was assigned as an artilleryman with the 9th Infantry Division in Vietnam, May 1.
