★ CLEAN ★ CAR ★ CORNER

We'll sell you either one.

You may have heard that Volvos last an average of 11 years in Sweden. We can't say that these Volvos will last that long. They're both new cars, and it's still too early to tell.
 What we can say is that they're built like Volvos. And while there's no guarantee how long a Volvo will last in America, it is known that over 95% of all those registered here in the past 11 years are still on the road.
 Come in and test-drive a New Volvo 142 or 144. But do it soon. Because the one place Volvos never last very long in our showroom.
