SAVE ON SALES & SERVICE

On 35 miles a gallon, you won't collect many green stamps.

If you're a stamp collecting enthusiast, you're probably overjoyed with your gas eating car.

With every trip to the gas station, your green stamp book turns greener.

We didn't have the Great Gas Station Games in mind when we created the Renault 10. We were only thinking of how to go a long way on a little gas. And that's what the Renault 10 does. It goes 35 miles on a gallon.

So, if you own a Renault 10, your stamp books might not get any fatter—but your wallet will (And that's where the important green stuff goes)
