FREE RIDE ... A jaunt in a police car has for too long been reserved for the "wrong kind" of teenager, or so think District Attorney Yvelle Younger (center) and Torrance Police Chief Walter Koenig. Under a new program sponsored by the District Attorney's Young Citizens Council, teenage YCC members are being invited to see the city as guests of their local police departments, Younger hopes that "tagging along" with policemen performing routine duties will help open communications between teenagers and law enforcement officials. Here, Younger and Koenig help XCC member Laurel Rydlek of Inglewood into a police car for a glimpse into the work-a-day world of the men in blue. (Press-Herald Photo)

Young Citizens' Council (DAYCC) was created and organized by Younger's office to increase communica-tion and understanding be-tween youth and the authority structure.

Al Collier, the DA's field operations deputy and coor-dinator of the youth council, said Younger conceived of the council idea through the realization that prosecution is not enough. Crime preven-tion must also be a function of the district attorney's office, Collier said.

"THE COUNCIL stresses the concept of the teenager himself speaking out and expressing himself to other teenagers," Collier added. "Teenagers themselves must play an active and dynamic

# Wilcox to Head **Thailand YMCA** For Six Years

The many friends Joe Wilcox has made over the years will gather at the Tor-rance Family YMCA today to say their last goodbyes and wish Joe success in his new assignment in Thailand. Receptions for the executive director of the Torrance Family YMCA have been scheduled between 2 and 5

p.m. and 7 and 9:30 p.m. p.m. and 7 and 9:30 p.m. The Wilcox family will take off for Thailand in mid-August. For the next six years Wilcox will spearhead the YMCA effort in that southeast Asian country, de-voloping transmiss veloping programs, training "Y" leaders, extending "Y" leaders, extending YMCA programs to outlying cities and supervising a school and year-round youth

camp. ACCOMPANYING Wilcox

on his new adventure will be his wife, Mary Lou, and chil-dren, Susie, 17, and Jeff, 13.

Twelve years ago, when Wilcox took the reins of the Torrance "Y," the organiza-tion was struggling to stay in existence. The program was run from a converted Navy warehouse, operating on an \$8,000 annual budget. The Torrance program to-

The Torrance program to-day involves a yearly budget of \$150,000. Proudest achievement of the Wilcox administration is the con-struction of the new modern YMCA building on Sepul-veda Boulevard, which is the second largest YMCA branch in the country.

UNDER WILCOX'S leader-ship, the "Y's" Men first be-gan their annual Christmas tree sales to help support the "Y" program. The first year, they made \$160. Last year, that figure had mush-roomed to \$29,000.

Wilcox became interested in the "Y" as the result of camping experiences with the Alhambra YMCA when he was a boy. After gradua-tion from Whittier College and a hitch in the Coast Guard, he went into YMCA work.

An enthusiastic camp di-rector during his summers with the Torrance program, Wilcox developed the "fam-ily" concept in camping and programming during his years here. He became in-terested in the Thailand post after leading a group of teenagers on an Oriental tour last year.

It would not be financially feasible for any private developing company to pur-chase, improve, and subdi-vide the Meadow Park urban renewal area.

This is the substance of a report presented to the Re-development Agency (City report presented to the Re-development Agency (City Council) by City Manager Edward J. Ferraro. The re-port was prepared in re-sponse to a May 23 resolution passed by the agency ordering the redevelopment site sold to private enterprise as soon as all property within the site is purchased The 56-acre Meadow Park oject is located just west Torrance Muncipal Airport

Ferraro pointed out in his report that the cost of the filed.

Meadow Park project is \$7 to \$8 million and that the land, after improvements, can be sold for only \$2.7 million. No private developer could make a profit from this project.

Furthermore, Ferraro re-vealed, the plan to sell the development would increase the net project cost \$270,396 and boost the city's local cash share by \$764,386 (in lieu of credit for city-in-stalled site improvements. A delay of six to nine months resulting from such sale to private enterprise would result in keeping the land off the tax rolls just that much longer, Ferraro concluded.

Prospective members of city commissions will be interviewed by the City Council Monday at 7:30 p.m. in the Council Chambers, City Hall. Local citizens desiring to fill a vacancy on any of the various commissions have been asked to make application at City Hall and attend Mon-day night's interview session. This new method of selecting eity commissioners was recently established by the City Council to remove "politi-cal overtones" from commission appointments. Those who are already members of eity commissions need not reapply or attend the interview.
