1969 RENAULT 16 SEDAN-WAGON presents a new design concept - a sedan with the utility of a station wagon and the comfort of a sedan. The rear seat, adjustable to seven different positions, allows for a spacious luggage and cargo area in the rear of yield optimum seating comfort. The Renault 16 features a wellperforming, 70 H.P. engine, with a top speed of 93 M.P.H. and 28 M.P.G. fuel economy, front-mounted with front-wheel drive, expressing the prevalent Renault philosophy of placing the egine over the drive wheels for better traction and sueconomy features of the Renault 16. Unitized body construction gives great strength, while five protective coatings, including an anti-corrosion paint dip insure the toughest kind of finish.

So impressed was Colin Chapman, builder of the famed Lotus race cars, with the superior engineering features of the Renault 16's all aluminum 5 main bearing engine, that he has selected it to power his latest creation, the Lotus Europa.
