Design Competition for College Students Opens

More than 500 architectural design students are expected to participate in the fifth annual Balanced Power Scholarship contest, which is under way at 30 Southern California colleges.

Sonsored by the Southern California and Southern Counties Gas Companies, the contest is open to all students in architectural courses at colleges which do not confer a degree in architecture. Eligible colleges must be in areas served by the gas companies, or in the cities of Bakersfield or Long Beach.

H. J. Johnson, Southwest Division sales manager, announced the winning student will receive a $1,000 scholarship to an accredited architectural school of his choice, plus a $500 savings bond. The scholarship will be administered by the scholarship committee of the American Institute of Architects.

• • •

PRELIMINARY competition will be held at each participating school during the spring of 1969, the sales manager said. Winners in each of the preliminaries will receive a $100 savings bond and will compete with winners from other schools for the top prize.

Student architects are being asked to design a penthouse apartment and patio for entertaining and for private demonstrations of company products to business associates. The hypothetical client is a California-based producer of gourmet foods and condiments for the home. The apartment also will provide living quarters for a company executive and his wife.

• • •

ACCORDING to contest rules, the penthouse will include a bedroom and bathroom suite, living area, for 10 people and a complete "Balanced Power" kitchen to be used for normal and demonstration cooking.

Comfort-cooled by a centralized gas air conditioning system, the structure will feature an outdoor living area equipped with gas radiant heaters, grills and decorative gas lights.

Entries at each school will be judged by a panel of local architects.

Last year, more than 460 students submitted entries in the scholarship contest.

First Aid Classes Continue

Representatives from 24 firms in Los Angeles are nearing completion of a special Red Cross first aid course for business and industrial personnel.

The program, sponsored jointly by the Red Cross and the National Safety Council here, was designed to prepare and select industrial personnel to return to their organizations and instruct employes in first aid and accident prevention, according to Ruth Morgan, safety programs chairman for the Harbor area.

Firms and their representatives from this area include: Carson Ambulance Service, Carson, Morrie and Mary Lazar; Dominguez Hills State College, Gardena, Charmaine Thurston; Long Beach Police Dept., Long Beach, Robert Aughton and John Brogan; Pepsi-Cola Bottling Co., Torrance, Roy Hitt.

Information on future business and industry first aid courses can be obtained by calling Red Cross in San Pedro.

NOTICE FOR BIDS ON SCHOOL SUPPLIES, EQUIPMENT AND REPAIRS

Notice is hereby given that the Board of Education of the Torrance Unified School District of Los Angeles County will receive bids for furnishing certain school supplies, equipment and repairs as per list and specifications on file in the Business Office, 2335 Plaza del Amo Torrance, California.

Each bid must be submitted on a printed form furnished by the Board of Education; must be sealed and filed in the Business Office on or before Friday, December 6, 1968 at 10 A.M. and will be opened in public at that time and place. Each bid aggregating $1,000 or over must be accompanied by a certified or cashier's check for not less than 5% of the total amount of the bid; provided that if only certain items of a bid are accepted the bidder may thereupon substitute a certified or cashier's check for 5% of the aggregate amount of the accepted items on his bid; and providing further that firms doing business regularly with the Board of Education may at the discretion of the Business Office and in lieu of the above mentioned check, file with the Torrance Unified School District, an annual or continuing surety company's bond in the sum not less than $5,000.00 to insure compliance with the terms of their signed bids submitted from time to time during the life of the bond.

This above mentioned check or bidders bond shall be given as a guarantee that the bidder will comply with the terms of his signed bid, and if the successful bidder fails thus to comply with the terms of the signed bid, after acceptance thereof by the Board, his check or bond will be forfeited.

Preference shall be given to supplies, materials or equipment produced, manufactured or grown in the State of California.

The Board reserves the right to reject any and all bids, or any part of a bid, and to waive any informality in the bids received.

Firms or individuals desiring to submit bids from time to time on school supplies and equipment shall list themselves with said Business Office of the Torrance Unified School District.

F. L. Mattox
Assistant Superintendent—Business
Torrance Unified School District

NOTICE INVITING BIDS FOR CASH CONTRACT NO. 2486 (CARSON STREET)

Notice is hereby given that sealed bids will be received by the Board of Supervisors of the County of Los Angeles, in Room 383 of the Hall of Administration, Los Angeles, California, until 10:00 o'clock A.M. on December 10, 1968, on which date they will be publicly opened and read, for the construction of cement concrete curb, gutter, drives, steps, pavement and walks, retaining walls, drainage structures, crushed aggregate base, asphalt concrete pavement, asphalt concrete curb, concrete block walls, chain link fence, sewer work, and modification of traffic signals, together with tree and concrete removal, clearing and grubbing, embankment, excavation, grading, shaping, preparation of subgrade, removal of existing improvements and other incidental and appurtenant work in accordance with the provisions of the Plans and Specifications and Instructions to Bidders therefor which are filed in Room 383.

Proposals must be submitted on forms prepared and furnished for the purpose, which may be obtained at Room 180 of the Los Angeles County Road Department Administration Building, 1540 Alcazar Street, (formerly Henry Street) Los Angeles, at which office bidders may also purchase copies of the Plans and Specifications for the contemplated work for the price of $5.00 plus 25 cents State Sales Tax per set, not refundable. A mail address and a phone number must be left at the aforementioned office which the prospective bidder agrees is sufficient to reach him.

Each submitted proposal must be accompanied by a certified or cashier's check, or a surety bond, payable to the County of Los Angeles in an amount equivalent to at least ten (10) percent of the total aggregate bid price of such proposal, as a guaranty that the bidder, if his proposal be accepted, will enter into and execute the awarded contract, and furnish the required bonds in connection therewith, in accordance with the terms of the aforementioned Specifications and Instructions to Bidders. In the event that a bond is submitted in lieu of a check, it shall be subject to the condition that the surety thereon be approved by the County Auditor and County Counsel.

The Board of Supervisors reserves the right to reject any or all bids, and to waive technical errors and discrepancies, if to do so seems to best serve the interests of the County.

Pursuant to the provisions of Sections 1770 to 1777, inclusive, of the Labor Code of the State of California, the Board of Supervisors has ascertained the general prevailing rate of per diem wages for each craft or type of workman needed to execute the proposed contract, and it will be required that not less than said rates be paid to all such workmen employed or engaged on the work. The rates so ascertained for those workmen anticipated to be required in connection with the project are as follows:

PREVAILING WAGE RATES and EMPLOYMENT OF ALIENS

Sec. 1775 (Labor Code, State of California), FORFEITURE FOR PAYING LESS THAN PREVAILING RATE; RIGHTS OF WORKMEN; STIPULATION IN CONTRACT; ACTION FOR RECOVERY BY DIVISION OF LABOR LAW ENFORCEMENT; WHEN BROUGHT: NOTICES; PROCEDURE;

The contractor shall as a penalty to the State or political subdivision on whose behalf the contract is made or awarded, forfeit twenty-five dollars ($25) for each calendar day, or portion thereof, for each workman paid less than the stipulated prevailing rates for such work or craft in which such workman is employed for any public work done under the contract by him or by any subcontractor under him. The difference between such stipulated prevailing wage rates and the amount paid to each workman for each calendar day or portion thereof for which each workman was paid less than the stipulated prevailing wage rate shall be paid to each workman by the contractor, and the body awarding the contract shall cause to be inserted in the contract a stipulation that the provisions of this section will be complied with.

To the extent that there is insufficient money due a contractor to cover all penalties forfeited and amounts due in accordance with this section, or in accordance with Section 1813 of this chapter, and in all cases where the contract does not provide for a money payment by the awarding body to the contractor, the awarding body shall notify, provided that in the case of a workman claiming the difference between the prevailing wage rate and the amount paid him the awarding body has first been given the notice mentioned in Section 1811 of the Code of Civil Procedure, the Division of Labor Law Enforcement of such violation and the Division of Labor Law Enforcement, if necessary with the assistance of the awarding body, may maintain an action in any court of competent jurisdiction to recover the penalties and the amounts due provided for herein. Such action shall be commenced not later than 90 days after the filing of a valid notice of completion in the office of the county recorder in each county in which the public work or some part thereof was performed, or not later than 90 days after acceptance of such public work, whichever last occurs. No issue other than that of the liability of the contractor for the penalties allegedly forfeited and amounts due shall be determined in such action, and the burden shall be upon the contractor to establish that the penalties and amounts demanded in such action are not due.

Out of any money withheld or recovered or both there shall first be the amount due each workman and if insufficient funds are withheld or recovered or both to pay each workman in full the money shall be prorated among all such workmen (Amended by Stats 1957 ch 397 sec. 1. Stats 1963 ch 467 § 1.)

APPRENTICES—May be employed in conformity with Section 1777.5 of the California Labor Code.

RIGGERS—Same wage scale as craft to which rigging is incidental.

WELDERS—Same wage scale as craft to which welding is incidental.

FOREMEN—All foremen not herein separately classified shall be paid not less than 25c per hour more than the hourly equivalent of the daily rate of the highest classification in which he has supervision in the six Basic Trades.

Sheet Metal	6 mos.	55	60	65	70	72.5	75	77.5	80		
Tile Setter	6 mos.	83	83	84	87	91	93				

The foregoing prevailing wage schedule is based upon a working day of eight hours and in the event that laborers, workmen, or mechanics are employed less than eight hours per day the rate of per diem wages shall be deemed to be that fraction of the foregoing rates that the number of hours of employment bears to eight. Provided that overtime rates, rates of pay for Saturdays, Sundays and holidays shall apply to those holidays as recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workman employed on the project. Provided, however, that notwithstanding the general provisions hereinabove set forth, the straight rates as specified for flagmen, guards or watchmen shall be applicable to a maximum of eight (8) hours of employment per calendar day, including Saturdays, Sundays and holidays, for a total of not over forty (40) hours per week, but that not less than one and one-half(1½) times such specified rates shall be paid said flagmen guards or watchman for any time worked in excess of eight (8) hours per day or forty (40) hours per week.

Should crafts or types of workmen other than those set forth above be employed in connection with the contract, they shall be paid in accordance with the prevailing rates for their particular craft which have been determined by the Board of Supervisors. Complete wage rate schedules are on file at the offices of the Board of Supervisors and the County Road Department and are included in the contract specifications available at the Road Department.

The rate of compensation for any classification not listed in the schedule, but which may be required to execute the proposed contract, shall be commensurate and in accord with the rates specified for similar or comparable classifications or for those performing similar or comparable duties.

SPECIAL INSTRUCTIONS TO BIDDERS: Bidders must satisfy themselves by personal examination of location of the proposed work and by such other means as they may prefer as to the actual conditions and requirements of the work, and shall not at any time after submission of the bid dispute, complain, or assert that there was any misunderstanding in regard to the nature or amount of work to be done.

By order of the Board of Supervisors of the County of Los Angeles, State of California
Dated November 12, 1968

James S. Mize
Executive Officer—
Clerk of the Board
of Supervisors
