

Post Office Schedules Extra Holiday Hours

Special holiday hours have been scheduled by the Torrance Post Office for Saturdays this month. Window service will be available Saturday, Dec. 7 and 14, from 8:30 a.m. to 5 p.m. and Saturday, Dec. 21, from 8:30 a.m. until noon.

In addition, Postmaster Carl Backlund has offered the following suggestions for handling holiday mail:

- Airmail cards and parcels for servicemen stationed overseas should be mailed by Dec. 11 to insure pre-Christmas delivery.

- ZIP codes should be used on all Christmas mail in both the destination and return addresses.

- All gifts should be packed in sturdy boxes, wrapped in heavy paper, and tied with strong cord.

- Each package should include a slip showing the name and address of the person receiving the gift and listing the contents.

- Matches, lighter fluid and similar items cannot be mailed to overseas addresses.

- All addresses should be written or printed clearly to avoid delays because of bad handwriting.

- Gift parcels to distant states should be mailed early, with a Dec. 16 deadline for local destinations.

- Only special delivery items will be delivered on Christmas Day.

- All mail for which special handling charges are paid should be clearly marked.

- Separate Christmas cards into bundles for out-of-town and local delivery.

- All greeting cards require 6 cents postage.

The Mail Ego

By Terrence O'Flaherty

"Is David Brinkley separating himself from Washington, D.C., because he can't bear the prospects of a Republican Administration?"

No. The major separation in his life is the one from his wife. Starting next month he will share the same desk with Chet Huntley in New York and live alone on Sutton Place. Goodnight, Chet... Goodnight, David... Goodnight Mrs. Brinkley.

"When the 'Beautiful Phyllis Diller Show' is cancelled, what will become of beautiful Phyllis?"

She's already planning a comeback but this time it'll be Ugly Phyllis Diller and there won't be any dancing. "They'd spend four days trying to teach me a dance and then I'd come out and louse it up," she said.

"My son is quite short and I try to keep him from becoming discouraged about finding a girl by telling him that Mickey Rooney was married several times to glamorous women who were always taller than he. That's true, isn't it?"

Five times out of six, anyway. They were all beautiful and all taller except No. 5 who was beautiful and shorter than Rooney.

ney. She was killed by her lover. All the other marriages ended in divorce. Height had nothing to do with it.

"Lawrence Olivier's first big movie role was opposite Elizabeth Bergner in 'As You Like It.' I know what's happened to him but what has become of her?"

She is now 68 years old and very lively. She lives in London's fashionable Belgravia and was honored last month at the San Francisco Film Festival where many of her films were shown — including the one with Olivier. She has retired from acting and is married to director Paul Czinner.

"Isn't there something unlawful about a TV station manager using the air to recommend which way to vote and taking sides in community issues?"

No. At the present time the Federal Communications Commission encourages individual radio and television stations to take editorial stands similar to that of newspapers.

"Is the actress in 'The Ghost and Mrs. Muir' married to Don Murray of 'The Outcasts'?"

Not any more. Hope Lang ("Mrs. Muir" of the series) met Murray when both were playing in the movie "Bus Stop." They married a year later and divorced in 1961. She is now the wife of movie director Alan Pakula. Her TV series is a success while Murray's new show "The Outcasts" is in trouble.

"Do actors make more money doing commercials than making TV shows?"

It depends on the individual actor but as a group the members of the Screen Actors Guild earned \$46 million for TV commercials and industrial films in 1967 but only \$36 million for TV entertainment films. It pays to pitch!

"John Astin is one of the actors I miss most on television now that 'The Addams Family' has been cancelled. Is he going to do another show?"

He already has — two movies: "Candy" and a short film titled "Prelude" which he wrote, directed and starred in. The latter is a little, half-hour gem about love in a supermarket.

"Every season more television shows seem to be sponsored by several sponsors instead of a single one. Are they afraid to share the responsibility for a show individually?"

No. Spiraling costs have made network television worth approximately \$3000 a minute. Xerox, which sponsors some of the most enlightened TV entertainment on the tube suggests that sponsors form a non-profit corporation of their own to produce high quality TV programs at a great saving.

THS Hosts Exchange Concert

More than 150 musicians from South High School and some 500 parents from South and Torrance high schools attended a special concert by the Torrance High School band and orchestra last week.

The concert was the first of two programs being planned by the two schools this year.

Musical groups participating in the concerts included Tartar Band and Orchestra, the Stage Band, the Tartar Choir, Girls' Glee Club, Troubadors, and the Tartar Twelve.

John Spence is director of instrumental music and David Norman is director of vocal music.

South High School will host an exchange concert during the spring semester.

WOMEN SUFFER WITH BLADDER IRRITATION

Common Kidney or Bladder Irritations affect twice as many women as men, often causing tenderness and nervousness from frequent, burning, itching urination. Secondly, you may lose sleep and have headaches, backaches and feel older, tired, depressed. In such cases, CYSTEX usually brings relaxing comfort by curbing germs in acid urine, and easing pain. Get CYSTEX at drug stores today.

Would you lose money if you took \$10,000 out of your savings account tomorrow?

not at Western Federal.

Hugh Evans, Jr., President

Most savings institutions (including the five largest) require that your funds be held for 90 days before they earn full dividends. But not Western Federal. Your savings with us earn 5%, compounded daily from day in to day out without

any minimum holding period required. It may seem like a little thing... until you need funds after only, say, 80 days. Then you realize you've lost up to \$111.80 in dividends we would have paid. Assets over \$230 million
