SEDMAN **WAGON**

The Renault 16 Sedan-Wagon can go to bat for you as a sedan or a station wagon. Depending on which one you need.

When you need a station wagon it's a station wagon with practically enough room in the back to be a small moving van. When you don't, it's a sedan with a trunk behind the back seat.

It can get 28 miles to the gallon. Has front wheel drive. Independent suspension. Seats so comfortable they've been compared to those in the Mercedes-Benz 600 (they even recline for sleeping).

YEAR END CLEARANCE SALE

We must clear inventory of all domestic cars before year end regardless of loss...
