Council of Twelve, of The Church of Jesus Christ of Latter-Day Saints, will speak at the Torrance Stake (diocese) Conference Saturday and Sunday, Jan. 18 and 19, in Torrance.

Elder Hinckley has coordinated the world-wide missionary program of the Church since 1951. For 13 years before that, he supervised radio programs, publicity and mission literature of the Church. He also is the author of five books and many pamphlets and a r t i c l e s on Church subjects.

Elder Cullimore, a former mission president in England, was a member of the Church's General Welfare Committee before his recent appointment as Assistant to the Council of Twelve. He has a master's degree in retailing and operates a retail furniture business.

The Conference session will be say visitors are welcome.

Bible Told

The Unitarian Universalist's sattitude toward the Bible is that of almost all educated, informed people these days. They regard the Bible as a collection of many books written by many men over a period of 1300 years and comprising what is perhaps our richest single treasury of religious teaching, literature and moral precepts.

A wonderfully human document, the Bible to them is a record of man's unending search for meaning in the universe. It is the majestic story of his religious growth from the low country of barbaric rites and human sacrifice to the towering heights of spiritual reality where Amos, Isalah and Jesus circlity.

The Conference session will be say that religious liberals do not held Sunday. Stake President Rounding and many special sense, the word of God place, Rolling Hills Estates, says visitors are welcome.

This verse from Romans is the Golden Text of the Bible Lesson-Sermon titled "Life" that will be read in all Christian Science churches this Sunday. At First Church of Christ, Scientist, 218th and Manuel Avenue, services will begin at 11 a.m.

Among related passages to be read from the Christian Science textbook, Science and Health with Key to the Scriptures by the denomination's Founder, Mary Baker Eddy, is the following: "Life is eternal. We should find this out, and begin the demonstration thereof. Life and goodness are immortal. Let us then shape our views of existence into liveliness, freshness, and continuity, rather than into age and blight."
