Adult School Will Offer Classes in Photography

Two night school courses in photography are being offered in Room 287 at Torrance Evening High School Mondays and Wednesdays from 6:45 to 9:45 p.m., according to Raymond Collins, adult education principal. Taught by Mel Steinberg, the two courses feature both classroom instruction and darkroom work on black and white and color slides. Students will learn proper use of cameras, lenses, exposure meters, film, filters, and accessories, and will participate in laboratory production in the dark room. Topics to be covered include night photography, portraiture, close-ups, and landscapes. Registration for both classes will be held in the classroom tonight.
