Home Economics Seminar Planned in Los Angeles

Two Harbor College teachers and several Harbor students are busy preparing for the 12th biennial California Home Economics Association convention, to be held March 28 through April 1 in Los Angeles.

Home economics instructors Mrs. Lenore Eisenstein and Mrs. Marilyn Brock chair committees that provide services to the convention.

Mrs. Brock is co-chairman of a committee that is responsible for all the physical properties (chairs, microphones, etc.) at the convention.

Mrs. Eisenstein's committee, which includes both teachers and members of the business community, has the duty of setting up the California Home

Economics Association (CHEA) Booth.

The purpose of the booth, explained Mrs. Eisenstein, is to supply educational material for all areas of home economics to members of the public that attend the convention.

Mrs. Eisenstein will give a speech, "Turn on to New Fields of Fashion," at one of the convention workshops.

Also attending the convention will be many members of the Harbor College chapter of Beta Lambda, the nationwide home economics club.

Teen Candy Strippers To Serve at Hospital

Memorial Hospital of Gardena is now accepting applications for its new Candy Stripper program.

A Candy Stripper is a teenage boy or girl willing to work at the hospital through the Department of Volunteer Service. Applicants must be 15 to 18 years of age and receive the consent of their parents.

The purpose of the program is to interest young people in medical careers and to provide them with the opportunity for meaningful community service. Certificates and pins are

awarded for regular service. Applicants must attend a three-hour orientation for the program, learning hospital ethics, methods of patient care, and general information.

Mrs. Phyllis Peters, R.N., director of volunteer service, is in charge of the new Candy Stripper program. Two adult volunteers, Mrs. Ruth Robbins and Mrs. Dorothy Sparks, will assist with the program.

Those interested may contact the volunteer office at 1145 Redondo Beach Blvd.

Opening Car Doors in Traffic Against Law

"It is illegal to open the door of a vehicle on the traffic side unless it is safe to do so and can be done without interfering with traffic," Capt. W. R. Waldron of the California Highway Patrol warned today.

Each year many accidents occur because drivers open their doors onto moving traffic without looking, the Patrol commander said.

"These accidents mostly result in property damage only, but they can be pretty costly, el-

ther directly or indirectly, to the persons responsible for them." The CHP official also noted that the vehicle code prohibits leaving a door open on the traffic side longer than is necessary, to load or unload passengers.

Parks Meeting

Members of the city's Parks and Recreation Commission will hold a regular meeting at 8 p.m. today. The session will be held in the Council Chambers at City Hall, 3031 Torrance Blvd.
