School Superintendent Jumping Jack Addresses Y-Wives

school aren't formed in the classroom; they're formed at the dinner table.

-So said Dr. J. H. Hull, Torrance superintendent of schools, at a meeting of the YW-Wives at the Torrance YWCA Wednesday morning.

Parents have more to do with a child's success in school than any other person, includ-

When parents criticize school authorities, complain about taxes, and fail to back up the child's teacher, they are planting the seeds of student unrest,

ing the teacher," the superin-

tendent stated.

To prepare a pre-schooler for a positive kindergarten experience, the superintendent advised the young mothers to teach their children to dress themselves, to get along with other children, and to follow things with their eyes from left to right.—"Because that's how they will read," the super-intendent said.

Tracing the history of Tor-rance schools, Dr. Hull, who has headed the district since its formation 22 years ago, stated that the school system was begun with 2,000 children and four schools. "Today." he and four schools. "Today," he commented, "we have 34,000 students and 40 schools, in ad-dition to an adult education program, a pre-school pro-gram, and a continuation high school program."

Torrance schools at the present time, according to Dr. Hull, are operated for the benefit of are operated for the benefit of all children in the community. To carry out this objective, he stated, special classes are pro-vided for partially deaf, par-tially blind, blind, spastic, and retarded youngsters, as well as those who have neurological handicaps and the gifted.

"We recognize the unique-ness of every youngster, and plan our program to meet each child's particular needs," he

stated.

To encourage teachers to use creative teaching techniques, Dr. Hull pointed out, the school district constructed an Educational Materials Building several years ago. Each day teachers order whatever supplementary textbooks, films, records, or pictures they might need. Orders are delivered by truck the next day. truck the next day.

"Next to teachers, materials are the most important thing in the Torrance classroom," the superintendent stated.

Other policies of the schools are aimed at: supporting ex-cellence and maintaining qual-ity, providing a harmonious ity, providing a harmonious environment and good com-munications, protecting the munications, protecting the schools from encroachment by special interest groups, carrying out functions delegated by the state, providing adequate financial support for the educational program, and assisting parents in educating their children for good citizenship in a free enterprise system. in a free enterprise system.

DAR Presents Manual For New Citizens

Booklets entitled "Manuals for Citizenship" are gifts of El Redondo Chapter, Daughters of the American Revolution, to those attending the Naturalization Class at Mira Costa High School. The class is taught by Mr. Height, who has been honored for his excellence as a teacher of U.S. history and government to the foreign born who wish to become citizens of this country. To date, 104 manuals have been

presented.

The presentation was made by Mrs. Karl Raife, who is chapter chairman of the Amer-icanism Committee, and is

past regent of the chapter. El Redondo Chapter has been given an award for "Out-standing Achievement in Work on Americanism" issued by Mrs. M. C. Cheek, chairman, who heads this important work on the state level.
