Torrance Junior Woman's Club

Wins Top District Honors

Torrance Junior Woman's Club climaxed a most successful two days at the Marina District CFWC, Junior Membership's Annual Convention in Newport Beach, by capturing the coveted Sweepstakes Award. This award is given annually to the one club in the district which has accumulated the most points in year-long competition in all phases of club work including participation in district events, such as craft displays, report writing, and awards won.

Torrance also received the Josephine Seaman award, which is given annually for the most outstanding single club project in the district. The Torrance Juniors received this award for their conservation work with the Torrance Unified School District. For this project, conservation chair-

man, Mrs. Michael Wedemeyer and Mrs. Gerald Garner, co-chairman, assembled 150 teaching kits and over 20,000 individual kits for students to further the teaching of conservation in the Torrance schools.

Torrance Junior Woman's Club's coordinators from the general club, Mrs. Leslie Steigh and Mrs. D. J. Thomsen, were recipients of awards for their coordinator's reports. Bulletin editor, Mrs. Bill Ritchie, received first place for producing the best club bulletin.

"You're getting too old to run around the way you do, Mom."

Happy Mother's Day."

The average mother, we've been told, walks more than 8 miles every day. Why not give her feet a break this Mother's Day: make sure she's got a phone within answering distance. An extension (in the kitchen or bedroom or laundry room) costs just a few cents a day. There's no faster relief for aching feet.

Vecinas To Hear Guest Speaker

Harriet Chia-lin Moore will be guest speaker at the Las Vecinas Women's Club May 1, meeting at the Indian Village Restaurant, Torrance.

Mrs. Moore, now a resident of Westwood, was born in Hangchow, China, and grew up in Shanghai. In 1949, she and her family left China ahead of the Communist take over and settled in Japan. In 1958, she moved to Washington, D.C., where she met and married her husband. They moved to Taiwan where Colonel Moore served as advisor to the political department of the Chinese Army.

She is now associated with Travel Management Corp., a nation-wide organization which recently opened a branch office in this area. Her most recent travels abroad included a swing around the nations bordering the Pacific. She will bring news of the planned Osaka Expo 1970, as well as the oriental women pre-and post-World War II.

Election of officers for the coming year will take place along with a general business meeting. Social hour is at 11 a.m. and luncheon 12 noon.

Mmes. Jack R. Newville of Redondo and Milton C. Kloetzel of Palos Verdes will be in the receiving line at the luncheon meeting of Town and Gown of the University of Southern California on May 6.

DRIVE CAREFULLY

**Would you walk
across the street
for \$111.80?**

A lot of people save where they do out of habit or convenience, with little regard to the fine print in the passbook. If you wanted to withdraw \$10,000 from your savings account after only, say, 80 days, Western Fed would give you your money and pay you earnings for every day—\$111.80. Many savings institutions require that your funds be held for 90 days or until quarter's end before they earn full dividends. To earn commercial banks' highest rate you must buy "Certificates of Deposit"... and you may withdraw those funds before maturity only in case of hardship, and then at less than full earnings! If \$111.80 means something to you, look us up.
