

## Garden Checklist

1. Give your lawn a good soaking at least once a week; rather than light sprinklings several times a week. Deep waterings encourage strong root growth.
2. For color in shady garden spots rely on Cineraria, Godetia, Virginia Stock, Fairy Primrose, and the everblooming Fibrous Begonias.
3. Mother's Day can be thoughtfully remembered with a gift of blooming Roses, Camellias or Azaleas in a container.
4. Evergreen trees and shrubs may be pruned and shaped at this time.
5. Don't delay in planing Dahlia tubers and Gladiolus bulbs.

## Taxpayers Ask IRS

# Taxpayers Still Have Questions on Returns

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

How do I work out the surcharge?

Follow the instructions for making this calculation that

are given on Forms 1040 and 1040A. On both forms you will note there is a line on which to enter your income tax, a line to enter the amount of your surcharge and a line for the sum of your income tax and surcharge.

To avoid delays, it is important to enter all the information on each line as called for on your tax return.

I've never filed an esti-

mated declaration before and only owe \$28 on my 1968 tax. Do I have to file the estimated form you sent me in 1969?

If you estimate that your 1969 tax liability will exceed your tax withheld by \$40 or more, then you are required to file a declaration of estimated tax.

The purpose of filing a declaration of estimated income tax and making quarterly pay-

ments is to provide a means for all taxpayers to pay their tax on a current basis.

How can I file a return using the pre-addressed label if I've made a mistake on the form the label came on?

Lift the label off the form and place it on the one you are filing. The label has been made so that it lifts off easily but sticks tightly when placed on another form.

My 10-year-old son received \$45 worth of dividends last year on some stock his grandfather gave him. Does he have to report this or do we?

This income is your son's and should not be reported on your return. A return would have to be filed by your son if his total income for the year was \$600 or more. In figuring gross income, the first \$100 of dividends is not counted.

(or legally separated) at the end of your tax year. A single person can qualify as head of household if he or she furnishes over half the cost of maintaining a home as the principal household for a dependent relative or an unmarried child, grandchild, or stepchild, even though the child is not a dependent. However, a dependent parent need not live in the same home.

I turned 65 last month. Can I take the extra exemption for age on my 1968 tax return?

No, your age for tax purposes is what it was on the last day of your tax year.

Can I add the sales tax I paid on my car to the amount listed in the state sales tax tables?

Yes.

What do you mean when you say all W-2's must be attached to tax forms? Do you need all the copies my company gave me?

Only one copy of the W-2 should be attached for each job reported on your tax return for 1968. One copy of the form should be kept for your records and the other may be required for your state return.
