

## Tickets On Sale For Show

A Boy Scout will be knocking on your door soon.

Los Angeles Area Council, Boy Scouts of America, is launching ticket sales for the 1968 Scout-O-Rama this week-end with more than 50,000 Scouts participating.

The show is scheduled June 7, at three locations: Los Angeles City College, El Camino College and Cerritos College.

Leslie N. Shaw, vice president for urban development, Great Western Finance Corp., said the three locations were chosen in order to give the public an opportunity to visit the show closest to them, where Scouts from their own area would be taking part.

Tickets are \$1 each, with all proceeds of the non-profit event to be used to help local Scouting, particularly camping activities.

"This will be a fun-filled show for the entire family," Shaw said, "offering plenty of entertainment for everyone, whether active in Scouting or not."

In addition to booths where various Scout skills and crafts will be demonstrated, there will be an Indian village for continuous presentation of Indian traditions, ceremonies, dances and handicrafts; a Challenge arena, with Scout, Cub and Explorer groups participating in everything from flap-jack contests to pillow fights; a Pioneering area for overnight camping, bridge building and similar large projects; and a Little Theatre where skits and shows will be presented continuously from 2-10 p.m.

## Bill Seeks Increased Exemption

Congressman Glenn M. Anderson (D-17th District) has introduced legislation to double the personal income tax exemption of taxpayers.

"It has been 21 years now that the \$600 personal income tax exemption has remained stationary. During these two decades, the cost of living has spiraled, inflation has grown and taxes have risen," Anderson said. "In light of this, we must bring the personal income tax exemption for taxpayers into line with present day economic realities."

"This can be financed very easily by plugging in tax loopholes such as ones which allow some millionaires to escape paying taxes or keep wealthy corporate foundations tax exempt."

"It is about time we did something for the middle income taxpayer and those with large families that are finding it more and more difficult to make ends meet."

"I am hopeful that this legislation will be enacted into law this session of Congress in order to ease the tax burden of millions of taxpayers," he concluded.

## Freeway Parking Illegal

It is unlawful to stop, park, or leave any vehicle standing upon a freeway, Capt. W. R. Waldron, commander of the South Los Angeles office of the California Highway Patrol reports.

The freeway parking prohibition, he pointed out, includes the divider strip and the area alongside the road within the freeway fence, as well as the off and on-ramps.

A freeway is defined as a highway which has full control of access and no crossings at grade.

The only exceptions to the "no parking on freeways" rule occur when stopping is necessary to avoid injury to persons or damage to property, in obedience to a peace officer or a traffic control device, when the vehicle is so disabled that it is impossible to avoid stopping temporarily, when a vehicle is summoned to give assistance to a vehicle or person, and in locations where stopping, standing or parking is specifically permitted, such as roadside rest areas.

When a vehicle is disabled, the Highway Patrol is required to have it removed after four hours.
