### School Employee Honored 'Just for Liking Kids'

John Mock, supervisor of transportation for Torrance Schools, received recognition "just for liking kids" recently, when Philip Korman and Dr. Edward Richardson, school curriculum consultants, presented him with a trophy.

Mock, who is responsible for seeing to it that 34,000 Torrance students get to and from field trips, athletic events, homemaking and shop classes, and special education classes, has amassed several awards for safe bus transportation and maintenance over the years.

A state director of the California Association of School Transportation, Mock is former president of the Torrance Chapter of the California School Employees Association.
