

BELMONT STAKES TEST OF CHAMPS

True or false? The Belmont Stakes will be run for the 101st time at Belmont Park on Saturday.

The answer is "both." It is true that Stage Door Johnny's victory last year was the Belmont's centennial running, but it had been contested 38 times at two other tracks before Belmont Park opened its gates in 1905 and more recently Aqueduct played host to the race while Belmont Park underwent what writer Dave Alexander termed "the Williamsburg restoration of the horse parks."

The fourth oldest stakes race in North America, The Belmont has been labeled the or more horses in tht race.

not without reason. More often than not, the winner is subsequently hailed as the champ of the division.

Evidence that it really "separates the men from the boys' among three-year-olds is the fact that only 631 horses have competed in the race since the Bronz-bred filly, Ruthless, won the first running at Jerome Park (now a New York City reservoir site) in 1867.

The largest field ever seen in the Belmont was in 1875, when Calvin beat Aristides, the first Kentucky Derby winner, the 12 others, and only on seven other occasions have there been 10

Coaches Assigned

Bill Armstrong of Compton High and Jerry Marvin of Palisades High have been named to coach the CIF Southern Section and Los Angeles City teams in the second annual Southern California All-Star Basketball Classic July 9 at The Forum in Inglewood.

Announcement of the selection of the coaches of the winning teams in their own playoffs divisions was made by Dr. James Withers of the Manhattan Beach Lions Club and Chuck Clustka of Harvard School, North Hollywood, representing the co-sponsoring Lions and Southern California Interscholastic Basketball Coaches Association.

This is the second game for Armstrong, whose CIF team lost a 113-108 thriller before 7 .-333 frenzied onlookers in last summer's inaugural

Bill, a native of St. Albans, W. Va., is a graduate of Marshall College and in 22 years has compileed 17 titles, including five CIF crowns, and a 487-102 won-lost mark.

His last two Compton High teams have been undefeated, posting 32-0 and 30-0 records in 1967-68 and 1968-69. In 12 years at Compton he has won 10 league diadems and swept to CIF-SS honors in 1957-58, 1960-61, and 1962-63 before the

Among Armstrong's players have been Fred Goss, CIF "Player of the Year" in 1961; Harvey Dillon, Billy Daniels, Joe Davis, Larry Morris, Mike Hopwood, and Larry Hollyfield, current CIF-SS "Player of the Year." Before Compton, he had winning records at Barstow, Lone Pine, Hart (Newhall), Delano, and Anaheim.

Armstrong will be assisted by Doc Sooter, highly-successfulbasketball coach at Covina High for the past 22 years during which he has won 483 games, losing 120. His teams have won 20 or more games during 20 seasons. His 1968-69 team had a 24-4 record, losing to Sunny Hills in the first round of the playoffs.

Sr., prepped at University High, playing under his dad on a city tournament runner-up team. He went onto Santa Monica City College in basketball and baseball, then was graduated from UCLA.

Jerry's coaching began at Bell High in 1954 and he experienced one losing season in seven years, including two Eastern League titles and two second places. Moving to the then-new Palisades High, he played second fiddle to University most of eight years, then swept to an 18-1 record. Bay Area "Coach of the Year," and the Western League and city thrones this past campaign.

His cumulative 15-year league won-lost

On Wednesday, June 11, Pet-tigrew and Coach Bert Brewer will fly to Kentucky in prepa-ration for the USTFF Cham-pionships on June 13-14, then stay over for the NCAA Cham-pionships the following week June 19-21 at the University of Tennessee in Knoxyille.

They formed a committee, collected \$35, applied for a charter from Little League Headquarters in Williamsport, Pa., and called themselves Fre-Way Little League.

Parents in the league are now beginning a vigorous campaign to solicit contributions from various clubs, businesses, and anyone intersted in helping to see this worthwhile program continue. These contributions will help defray the expenses of the massive task of moving to another location provided by Harvey Alumhium. The league hopes to raise funds and obtain enough donations of materials and labor to have these new fields ready for play by next spring.

Activities on anniversary day will begin at 1 p.m. All past members, officers, and boys who have played at Fre-way Little League are invited to join in the anniversary cele-bration.
